## Travel from Budapest Airport to Pécs

Pécs is situated in the Southern part of Hungary, at approx. 2,5 hours drive from Budapest.

Based on special agreement with a transfer company ([Travel4you](#)) direct shuttle buses will be available for the participants from Liszt Ferenc Airport Budapest to Pécs and the way back. The special agreement ensures slightly cheaper transfer price for the participants, will reduce the waiting time at the airport and will likely group the conference participants for this travel.

[Travel4you](#) also assures that in case the flight has no important delay (more than 30 minutes comparing to the initial schedule) the waiting time on the Airport will be maximum 1 hour. All participants will be transported without extra costs, no matter the arrival time or the eventual delay of the flight.

The net duration of the travel is 2,5 hours, plus eventual stops, based on passengers' requests. More than 90% of the route is on highway.

[You can pre-book your airport shuttle here](#) or by writing an e-mail to [info@travel4you.hu](mailto:info@travel4you.hu). Important! Please, mention '**EBSN Conference**' in the Comments!

Pre-bookings should be done at least 8 days before the departure, but the sooner is the better.

Price of one-way trip: 17.000 HUF/person ~ 46 EUR/person (depending on the exchange rate). Payment by card is also possible.

When you arrive to the airport the driver will wait for you on the arrival side in your terminal, holding the **Travel4You** nameplate. If it happens that different passengers arrive at the same time to the two different operating airport terminals 2/A and 2/B, the driver may not be in your terminal at the moment you arrive. In such cases, please, wait inside the lounge of your terminal until the driver arrives. After landing, please switch on your mobile phones to enable the driver to contact you on the phone number you indicated at the booking!

The way back from Pécs to Budapest Airport the passengers will be fetched approximately 5 hours before the flight departure (3 hours for the travel and 2 hours for check-in and security check at the airport).

Other services:

- Wireless Internet access is available free of charge.
- Wake-up service at an agreed time if it is required beforehand.
