Aim of the SIATE project

The main purpose of the SIATE-project is to create **the European Network for Entrepreneurship in Adult Education (ENTNET)**
- with the goal of strengthening and developing a coherent local, national and European approach for using entrepreneurship education as a tool for social inclusion.

To support and build the relevance of the network the project will also develop the following elements:

- National Policy Briefs addressing adult entrepreneurship education / European recommendations policy paper
- Facilitating five national conferences focusing on the national context in **Denmark, Ireland, Italy, Norway** and **Germany**
- Collection of Capacity Building materials with recommend-dations on the use of methods and entrepreneurial educational tools for educators

Some basic skills that entrepreneurs needs to focus on

- Communication Skills
- Financial Literacy
- Problem Solving
- Time Management
- Networking and Relationship Building
- Adaptability and Resilience
- Leadership and Teamwork
- Digital Literacy
