The background features a repeating pattern of various light blue geometric shapes, including circles, squares, rectangles, and semi-circles, scattered across a dark blue field. The shapes vary in size and orientation, creating a dynamic and modern aesthetic.

# KlasTube

In short

- Students make video's of their roleplaying with their smartphone in small groups.
- Video's are viewed and peer evaluated in class afterwards.
- Video's are proof that students reach goals and are kept at Padlet where they form a digital portfolio for each student.

# Benefits

- ❖ Students deliver speaking products (the video).  
Because of this it is possible to give **strong feedback on speaking skills**
  - ❖ Working together and developing **soft skills**
  - ❖ Active and **superfun**
- 
- ❖ **Most important:** Low-literate students understand very well what is expected (the bar) and how they are performing. This might be confrontational, but in the end, it motivates them. It helps to take their learning in their own hands (learner at the driving seat)

The background is a solid teal color with a repeating pattern of light blue geometric shapes. These shapes include circles of various sizes, squares, rectangles, and semi-circles, some of which are hollow or have a different shade of blue. The shapes are scattered across the page, creating a modern, minimalist aesthetic.
